

CDV47DX

The CDV47DX is a 2-wire, 7-inch digital colour, TFT monitor with touch screen and picture/video memory.

The CDV47DX is the latest upgrade for the CDV47 now including Wi-Fi connection and a new mobile app allowing users to control access from their phone by receiving calls or remotely releasing multiple locks.

The 2EASY system from CDVI offers convenient and high quality video entry. Connection throughout is 2-wire, non polarised, so installation and maintenance is simple and straightforward.

Overview

- Built-in picture/video memory
- Name list editing by built in keypad
- Intercom function
- Mobile app available on Android and IOS - Free of charge operation (no monthly or yearly subscription fees)
- Call recording management
- Compatible with all CDVI door stations
- Easy upgrade for existing users. Simply change the monitor within the system.
