THE POWER TO SECURE

6200 Series 3.5" videophone with handset for the VX2200 digital system

- 6200 series videophone with 3.5" LCD screen for use with 6 wire BUS C4KVID (non-coax) series and CVR4KV (non-coax) series videokits* and the VX2200 digital system.
- Programmable number of rings, melody selection and privacy duration time.
- 2 LEDs for privacy ON/OFF and door open.
- 4 push buttons: camera recall, door open & concierge call, privacy ON/OFF and spare service button.
- Call tone volume adjustment (3 levels), picture contrast, hue and brightness controls. Mic volume adjustment control.
- Wall mounted (or via desktop kit), satin white finish.
- Memory videophone option available capable of storing up to 100 pictures with corresponding recorded date & time.

(* for 3 - 12 button videokits only)

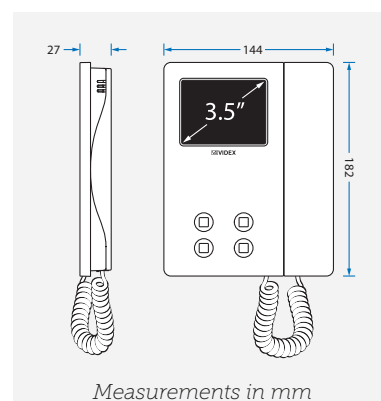

Accessories include a desk kit for an easy and practical functional alternative to a wall mount solution.
