

Ref. 9600 CITYLINE CLASSIC SIMPLE PUSHBUTTON

DESCRIPTION

SINGLE Pushbutton of spare parts for City Classic outdoor panels.

Call Pushbuttons streamlined metallic shape in line with the panel's curved profile.

Equipped with special silver plated contacts that make them last longer.

Pushbuttons include a card slot to insert a label with the home owner's name and door number. When the lighting key on the front of the amplifier is pressed, a soft light lets you see the card slots, even in total darkness.

CityLine Classic is the "continuous profile" outdoor panel line for buildings.

The outdoor panels are manufactured in anodized aluminum, highly resistant to rough weather and climate changes.

The panel design stands out for its curved-convex profile. A cellular rubber airtight seal included assures a perfect panel-to-wall fit to prevent water filtrations.

Available in several colours: aluminum, golden or bronze and white.

Pressing the call button is confirmed by an acoustic signal from the amplifier.

TECHNICAL FEATURES

- Consumption per lamp: 70 mA.
