

## Emerald 3000 MK3 Lighting Controller

A stand alone dual area security lighting controller which enables external areas to be accurately monitored and illuminated.

Automatically switches up to 3000 Watts of lighting at night for a pre-set period and can be manually overridden when required.

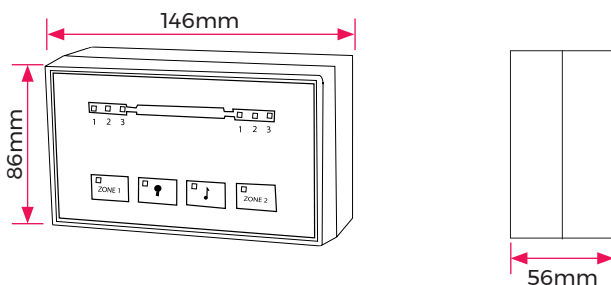

Incorporates an audible warning tone and features six detector indicators, which illuminate when activated by detection day and night.

### PRODUCT CODES

**GJD010** Emerald 3000 MK3
